ECA Permanent Part-Time Split Shift

Internal and External Posting

About LEF:

The Learning Enrichment Foundation (LEF) is a not-for-profit (with a social enterprise mindset) which provides a multidisciplinary and holistic set of supports for members of our community including those who are: in transition, new to Canada, out of the workforce, and a host of other individual circumstances. We currently knit together Settlement Services, Child Care, Employment Supports, Skills Training, and Language Training. If you want to join us, you need to understand that it is the little things that often have the most impact; it is through supporting and empowering individuals and families, (indeed the community as a whole) that we achieve our goals.

LEF is a growing organization and as such, any candidate hired into this position should find opportunities for a rewarding career with opportunities for personal and professional growth. We have a great compensation and benefits package and employ self-directed go getters who thrive on innovation and best in breed practices. If the potential of our impact excites you, then consider joining our team.
